GLIDDEN TOUR NEARING END.

Final Run to New York to Begin This Morning.

Trip from Baltimore Proves Especially Trying.

Many Mishaps Occur Toward Close of Contest.

(BY DIRECT WIRE TO THE TIMES.) PHILADELPHIA, July 23.—(Exclusive Dispatch.) The standing in the Glidden contest is: Automobile Club of Buffalo, 981 4-5; Pittsburgh Automobile Club, 977 1-7; New York Motor Club (car not reported) 708; West Chester Motor Club, 620 1-2; Automobile Club of America, 497 1-4; Cleveland Automobile Club, 483 5-8; Chicago Automobile Club, 240 1-7; Automobile Club of Detroit, 600.

So far as the actual test of endurance is concerned, the third annual contest for the Glidden touring trophy practically is completed tonight. Tomorrow morning the tourists will start on the final run of the tour, less than 100 miles over the good macadam roads, the first of them level as a floor, which connect Philadelphia and New York.

Only five and one-half hours have been allowed for the run to Jersey City, and so confident are the officials of the tour that the trip will not affect the standing of the various cars that drawings have been made this evening to determine which of the cars with perfect scores shall lead the procession as the Gliddens make their triumphal progress up Fifth avenue.

Today's run from Baltimore had the reputation of being an easy one, over excellent roads, until the tourists tried it. Before they had reached Philadelphia, however, two of them had found it so strenuous that they were compelled to withdraw from the contest, and two more had difficulties which for a time threatened to put them out of the running also.

The difficulty of the run was due to the constantly recurring "water breaks," which made the roads during the two-thirds of the trip an unbroken series of racking jolts for the unfortunate cars that passed over it. Car No. 7, the fifty-horse-power Welch, entered by A. R. Welch of Detroit, broke its crank shaft near Malvern, Pa., and withdrew from the run, taking with it the last faint hope of the Automobile Club of Detroit. For several days the Welch car has been added to the list of cars that have withdrawn from the contest.

Mrs. Joan Cuneo, of the New York team, who pulled into Baltimore last night at midnight, after repairing a broken axle, celebrated her lucky return to the contest with two more mishaps, two of the springs on her Rainier breaking in the course of the day. The breaks were repaired, and Mrs. Cuneo has announced that she will continue the run into New York, no matter what her score may be.

S. J. Pardoe of Chicago and St. Louis, whose car, the American More, No. 16, has had a perfect score, except for five points deducted for a broken axle, met his Waterloo today in a series of mishaps which made him nearly three hours late.

UTO SEEKS ITS EASTWARD WAY.

EARLY MORNING START FROM "THE TIMES" BUILDING.

Venturesome Motorists Begin Transcontinental Tour and Are Escorted Out of Los Angeles by Enthusiastic Autoists Who Are Taking Keen Interest in the Long Run.

William Renwick, and Dr. E. E. Chandler, who are to drive from Los Angeles to Boston in an Oldsmobile, left "The Times" building at 10:30 o'clock, yesterday morning. They were escorted out of the city by William Peck, representative of the Oldsmobile Manufacturing Company, of Lansing, Mich. The trip, however, is a private venture. Renwick's desire to drive from the Pacific to the Atlantic is responsible for the effort he is making to tour the continent.

There was a delay in starting, caused by the extra amount of baggage, two men had loaded on the little four-cylinder car. Finally, at the last moment, it was decided to skip the large trunk and release the machine of several hundred pounds of baggage. They will be enabled to make better time over the rougher parts of the road with the lighter motor car.

Before leaving yesterday, Renwick drove through the main streets. The sign, "Los Angeles to Boston," painted on the bonnet of the car, attracted considerable attention. The men did not leave until this afternoon.

Randolph did not go north with the Los Angeles team, but announced that he was ready to sign with them, and will join the Berrys when they return from Portland. It appears that he was willing to stay in Pacific Coast League baseball, and while he had no kick coming at Oakland, wanted to get into a warmer climate, where, he thinks, his arm will work better. Van Halstead thinks well of Carmes, and as he otherwise would lose Randolph, was more than willing to make the deal.

PITCHER "RED" RANDOLPH, for whom Los Angeles has traded Twirler Carmes.

not utilize a hood to the machine, choosing to drive with the sun for a canopy.

W. W. Whitman, who already has driven from San Francisco to New York, gave the boys a send-off yesterday. He was among the number who escorted the pair of adventurous autoists out of Los Angeles.

Much interest is being taken in the long trip, and though no effort will be made to set a record, the journey of itself is such that many will anxiously await bulletins from the voyagers as they journey across the continent.

Renwick and his companion will drive to Merced, where the machine will be left while the two enjoy the beauties of the Yosemite. They will pass four days among the big trees, and in the beautiful valley. Then they will drive to the Yellowstone. After leaving the big park they will visit relatives in the Black Hills, and in Southern Iowa.

Young Renwick will not return, but will enter Harvard University. Prof. Chandler intends to return to Claremont in time for the opening of Pomona College. The time lost in starting Renwick says will make up on the way by driving at night. The two will not hurry, but will take time to enjoy the sights of the interesting trip across the United States.

NATIONAL LEAGUE.

BROWN LOSER TO JAMES.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, July 23.—Chicago and New York wound up the series here today with a ten-inning game which the locals won. Score: Chicago, 6; hits, 6; errors, 6. Batteries—Brown and Kling; Ames and Greenham.

FLAHERTY'S REVENGE. (BY THE ASSOCIATED PRESS.—P.M.) BOSTON, July 23.—Boston won the last game of the Pittsburgh's series today. Score: Cincinnati, 6; hits, 6; errors, 6. Batteries—Flaherty and Needham; Wille and Gibson.

McINTYRE WHITEWASH. (BY THE ASSOCIATED PRESS.—P.M.) BROOKLYN, July 23.—Several brilliant bits of fielding enlivened the game between Brooklyn and Cincinnati today, the visitors' sing shut out. Score: Cincinnati, 6; hits, 6; errors, 6. Batteries—McIntyre and Scholt; McIntyre and Bergen.

AMERICAN LEAGUE. CLARKSON'S TWIRLING. (BY THE ASSOCIATED PRESS.—P.M.) CLEVELAND, July 23.—Cleveland made three straight from Washington, Clarkson shutting out Washington with one scratch hit up to the ninth inning, when with two out, Altizer walked and scored on Delahanty's double. Score: Cleveland, 3; hits, 6; errors, 6. Batteries—Clarkson and Clarke; Smith and Hays.

Race Committee Meeting. The Speed Committee of the Los Angeles Driving Club will meet this evening to arrange a race program for the midweek to be given next Saturday at Agricultural Park.

A SIGNIFICANT FACT. The only newspapers in Los Angeles that dare print regularly, day by day, a sworn statement of circulation, are The Times and The Evening News.

BEAVERS WIN WOOLY GAME.

Beat Looos With Help of Hits and Errors.

Each Team Contributes Five Errors to Result.

Los Angeles Could Not Hit Groom at Right Time.

(BY DIRECT WIRE TO THE TIMES.) PORTLAND, July 23.—(Exclusive Dispatch.) Walter Nagle, the handsome one, was on the firing line for the Angels in the opening game today, and in spite of his reputation for being the visitors' star, he was found at opportune times by the home guard. At critical times, too, his team mates contributed blunders and slow plays, and Portland won handsily, 4 to 2.

On the other hand, Bobby Groom was there with the goods and had his shoots well under control at critical periods. Bobby passed four and contributed a wild throw, but after such incidents he settled down and pitched himself out of trouble. Then, again, Groom was backed by some fine fielding on the part of his supporters, catches by Casey and Lovett being especially commendable.

Empire Derrick was conspicuous for his absence, much to the pleasure of the local fans, who in the fifth inning, and Buck Keith handled the indicator. The ex-Omaha manager had been accused of the diamond before and gave satisfaction. Derrick is laid up with a bad tooth.

Portland scored the blood by scoring first off the reel. Lovett was passed. Mott advanced him to second on a neatly placed sacrifice, and the best-footed center fielder registered when Casey belted a safety to the outer garden. Errors by Mott and Atterton with a sacrifice hit and a fielder's choice sandwiched in, gave the visitors a tally in the fourth.

Portland took the lead again in the fifth. Donahue beat out a bunt, Schimpf fanned, Groom caught the Angels napping and also ended the inning by hitting Casey in the side. Lovett hit to Bernard in short center and the bases were populated. Mott laced one at Just Smith, who muffed the play in his endeavor to get Donahue at the plate. Casey flew to Cravath and the club was lining with a chance to Nagle.

Los Angeles again tied up the machine in the seventh. Bobby Groom worked Groom for transportation, and when Nagle followed with a terrific swing he was in the club by a catcher registered.

Nagle inaugurated his troubles in the eighth by hitting Casey in the side, and that worthy immediately stole second and when Eager threw wild he ambled to third. McCredie went out at first, but Casey was held at the door. Atterton punched one to the infield that chased Casey over the pan and secured him a place at first. Atterton was caught on an attempted steal.

Bassey scored the fourth and last run of the engagement. The score: Los Angeles, 4; Portland, 2. Errors: Los Angeles, 5; Portland, 5. Hits: Los Angeles, 10; Portland, 10. Runs: Los Angeles, 4; Portland, 2. Bases on balls: Los Angeles, 4; Portland, 2. Struck out: Los Angeles, 4; Portland, 2.

Good News for Fans. The information from San Francisco that Manager Henry Berry of the Oakland team has traded Twirler Carmes for Pitcher "Red" Randolph of the Los Angeles team, will be received with great pleasure by the local fans, and there will be but little doubt that Berry got the best of the bargain.

Randolph played with Los Angeles a part of last season and on many occasions has shown that he is one of the best pitchers in the league. He always was the hardest nut the local team had to crack, when he was pitching against it, and always was one of the best when he was pitching for it. Randolph tried to get with the Los Angeles team this season at the start, but could not make it.

This Company has been organized to loan money on income property in San Francisco on what is known as the bond and mortgage plan. This involves the issuance of bonds secured by first mortgages on income property and the sale of guaranteed mortgages.

AN EXCEPTIONAL OPPORTUNITY TO MAKE MONEY.

There is no investment safer than that offered by the SAN FRANCISCO BOND AND MORTGAGE COMPANY, and owing to the exceptional conditions, the net earnings of its capital stock should considerably exceed 12 per cent. per annum.

The SAN FRANCISCO BOND AND MORTGAGE COMPANY has three sources of profit:

1. Interest earned on its paid-up capital.
2. Difference between what it earns on mortgages and what it pays on bonds, which is usually 1 1/2 per cent.
3. Difference in interest on guaranteed mortgages sold by it, which is usually 1 per cent.

Similar companies in the east and foreign countries have had phenomenal success, earning from 12 to 16 per cent. per annum.

Stock subscriptions will be received in LOS ANGELES at Merchants Trust Company, 209 South Broadway, until July 31, 1919; also in San Francisco at the offices of the Company, 30 Montgomery street, and at the following places:

San Francisco National Bank, Merchants Exchange Building.

ELIG WILL CLOSE FIGHT.

Gans's Manager to Arrive Here Tomorrow.

Champion Insists on Ringside Weight.

Burns Says He Is Ready to Meet Johnson.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, July 23.—(Exclusive Dispatch.) Ben Selig, manager of Gans, expects to leave for Los Angeles on the owl train tomorrow afternoon to close the match between Joe Burns, which is scheduled August 16. Gans will not accompany Selig. The colored champion has arranged by which he will remain immediately at Crofts, in Alameda. Gans will remain in San Francisco until after the Nelson fight on July 31, and then Nelson fight has been arranged will go south for the last two of his training.

Gans's plan is to pass Thursday and Friday with Tom McCarey, the southern promoter. As McCarey has agreed to Gans \$500, win, lose or draw, he has but one question, that of the fight to be decided. Gans says it will be 125 pounds ringside. As he said, that he could make the fight, he does not think there will be trouble on that score.

Gans will return to San Francisco by way of Los Angeles, and will be on hand for the conference with Selig Saturday night at 8 p.m. Of course, should Gans lose in Los Angeles, he would be called off, but we are willing to sign with that provision. It looks as though Gans would pay no attention to the challenge.

There is still in Oakland, and will be there until next week, when he will have a theatrical engagement with a company from San Francisco. Tommy will do a sparring act, the entertainment will conclude with a boxing match between Gans and Selig. Gans will not meet Jack Johnson. On the contrary, he says he is ready and any time the proper inducement is offered.

FIGHT CARD CHANGED.

NORTHERN PUGILIST. Selig, satisfied with having a Nelson fight on for July 30, the San Francisco fight trust, or what is left of it, evidently is trying to change business in this end of the city. Both Emmick and Sumner have discovered that they cannot fight and fight for the local club.

Jimmy Coffey probably "suggested" to them that they fight in San Francisco until after the Nelson scrap, which is the same thing. McCarey has set for his big fight at the Pacific Club. Selig says he will give the show around but the card will be changed. In place of Kimball, Selig gives out that Charles Wright will fight Webster; and instead of 16-27.

The kind that goes out of the

store with the merchandise and

stays with it—that is Bullock's

kind.

To give you the best money's

worth that money will buy.

To have regular stocks at regular

prices; attractions that will pay

you to come to Broadway at Sev-

enth, rather than to go anywhere

else.

This store is your store—through

and through.

When, for business reasons, we

advertise prices less than regular,

they become magnets of tremen-

dous drawing power, and our guar-

antee is back of them in every

case.

Men's \$3.50 Bostonian Shoes and Oxfords \$2.00

"GOODYEAR" WELTED SOLES.
Well-known Bostonian shoe for men—never sold for less than \$3.50, and undoubtedly one of the best \$3.50 shoes on the market. They come with fine vici kid uppers, also bright patent coltskin; high cut bals and low cut oxfords. Newest lasts and toe shapes. Here's the chance of a lifetime to buy high-class shoes at less than wholesale cost. Sale price, \$2.00 a pair.

\$3.00 Work Shoes \$2.00
Men's work shoes, of good heavy calf, with solid wear-resisting soles; plain bals and plain counters; serviceable shoes for heavy wear. The best \$3.00 work shoes in town. Sale price \$2.00 a pair.

Men's Comfort Shoes \$2
Men's shoes of soft vici kid, with plain, broad toes; both lace and congress styles; shoes that are sought after by elderly men, who demand comfort rather than style. They are rather hard to find nowadays. The values range as high as \$3.50. Plenty of sizes. Sale price \$2.00 a pair.

\$3.50 Oxfords \$2.00
Oxfords of bright patent leather and other eameled leather; snappy, down-to-the-earth, both swing and new toes; Goodyear soles; styles that are with young men and women of all ages. Grades and cuts of contrasting colors. Plenty of sizes, plenty of an enormous stock to choose from. Sale price \$2.00 a pair.

Men's Elkskin Shoes \$3.00
Elkskin shoes, just the thing for the mountains and the seashore. Reliable shoe for business wear. Very popular this summer. Grade and cut about town at \$3.00 and as high as \$2.50. Sale price \$3.00

This \$2.00 shoe sale of ours brings to the purchasing public of Los Angeles the greatest opportunity to economize on footwear ever presented by this or any other store on the Pacific Coast. Every pair of shoes featured in this sale is absolutely perfect—no checked, factory damaged, or paper-sole shoes are allowed in our department. Le Sage Brothers have made an enviable reputation as shoe dealers, and every pair of shoes offered in this sale were made for Le Sage Brothers. There's a vast difference between the shoes that are made for an exclusive shoe store and those purchased for department store shoe sales. Remember that every pair of these shoes were made for an exclusive shoe store. The styles are new, the merchandise reliable, and there's a vast quantity to select from. There are \$3.00, \$3.50, and even \$4.00 shoes and oxfords for both men and women, which you can purchase during this sale for \$2.00 a pair. Extra salespeople, extra bundle wrappers, and extra cashiers are here to save all delays. You can have your shoes fitted in the coolest store in Los Angeles, on the shady side of Broadway. Come and get yours today.

Boys' \$2.50 Shoes \$2.00 and Oxfords . . . \$2.00
The best \$2.50 shoes for boys on the Pacific Coast. Made from gun metal calf, bright patent coltskin, vici kid and also elkskin shoes; oxfords of the same description with the exception of the elkskin; all sizes. Priced for this sale, \$2.00 a pair.

Women's Elkskin Shoes \$2.00 \$4.00 and \$3.00 Ones . . . \$2.00
HIGH OR LOW CUT
Elkskin shoes for the beach, mountain or town wear—both white and brown; extra high cut, medium high cut, and low cut; good lasts; just the thing for the summer outing; grades that are sold everywhere at \$4.00, \$3.50 and \$3.00. Plenty of sizes. Priced during this sale, \$2.00 a pair.

Exchanges Freely Made Your Money Back if You Want It
Patronize this \$2.00 shoe sale and purchase freely. If when you get the shoes home you are dissatisfied, bring them back and we'll exchange them; or, if you desire it, we will refund your money. There will be no quibbling, no arguing, and no dissatisfaction. We want you to be satisfied. This applies to any other article purchased at The Bon Marche, as well as shoes.

Women's \$3 and \$3.50 Shoes and Oxfords . . . \$2.00

Women's shoes that are high grade, new and snappy in every detail; fine soft kid or bright patent coltskin; newest toe shapes, latest lasts; turned or welted soles; bright or dull tops; heels of various heights and styles ranging from the low, comfortable walking heel up to the extreme French or spike. Shoes fit for any or all occasions, with plenty of sizes and all widths. Some of them regularly priced at \$3.50, others that always sell at \$3.00. Sale price, the pair, \$2.00

Walking Boots at \$2.00
Comfort, style and service are combined here; soft leather uppers and good, sturdy soles; just the shoes for vacation wear at the seashore or in the country; plenty of sizes; great values at \$2.00, but this sale brings them to you at \$2.00 a pair.

Pretty Pumps at \$2.00
Pumps of dull gun metal kid or bright patent coltskin—the new flatiron last with plain toes and military heels; stylish, graceful and attractive. ESTATE FIGHT STIRS SCANDAL.
WIDOW OF MILLIONAIRE DECLARED TO BE MULATTO.

Former Illinois Congressman and Present United States Commissioner of Pensions Vespasian Warner, who is contesting in the Circuit Court here, the claim of his stepmother, Isabella Robinson Warner, for a larger share of the Warner millions, stirred up a scandal today.

In depositions filed in court and which were made public for the first time, Mr. Warner denies his stepmother's right to a larger inheritance by claiming that she is of negro descent, and that she deceived his father, John Warner, during the thirty years of their married life.

At the same time, by the implication of cause and effect, Mr. Warner accuses Arabella Warner Bell and Minnie Warner Motter, children of John Warner and his second wife, also part heirs to the estate. In his answer to the bill filed in the case by Isabella Robinson Warner, who started the fight by refusing to accept an ante-nuptial agreement of \$10,000 and a \$500 annuity in place of her dower rights, Mr. Warner affirms that Isabella Warner is the daughter of Stephen Robinson, an Ohio negro.

The Warner will case has been the talk of the countryside for months, for the family founded by John Warner, farmer and head of John Warner & Co., bankers of Clinton, is the most prominent in a social and business way in the country.

Vespasian Warner was a member of Congress for twenty years, and is identified with the Illinois Federal machine. For thirty years Mrs. Isabella Warner has been a queen of county society. Of fine features and grey hair—cultured and attractive in her dress and manners, no one ever has breathed a whisper of suspicion against her name or blood. The opinion of the Master in Chancery, given a few days ago, values the estate as follows: Real estate, \$600,000; personal property, \$750,000.

The Warner bank is a paying institution with \$2,000,000 in deposits on a capital of \$500,000.

SOCIAL DEMOCRATS BUSY.
Hundreds of Thousands of Men May Be Involved in Strike in Russia.

BY THE ASSOCIATED PRESS—MOSCOW, July 23.—The strike of the men employed in the cotton mills of the Sava Morosoff Company at Orlovskoye, in Vladimir province, has assumed dangerous proportions.

Forty thousand men are shut. Social Democrats are bringing about sympathetic strikes and hundreds of thousands may be involved.

JAP LOAN IS FIASCO.
LONDON, July 23.—The South Manchurian Railroad loan of \$4,000,000, issue price 87, interest at 5 per cent, bonds payable in twenty-five years and guaranteed by the Japanese government, have proved a fiasco. It is officially admitted that the underwriters are saddled with about one-half the total of the loan.

Notice to Contractors.
NOTICE IS HEREBY GIVEN that sealed bids for the construction of a bulkhead on the East Boulevard, at per two separate plans and specifications, one prepared by P. C. Finkle, and one by Thomas Nixon, on file in the office of the City Engineer, will be received up to 10 a.m. of August 10, 1907, by the City Clerk at his office in the City Hall. A certified check for \$500.00 must accompany each bid or pair of bids. In case a contractor chert bid in both plans, as surety for the execution of a contract and bond by the accepted bidder. A satisfactory construction bond in the amount of \$15,000.00 will be required from the accepted bidder upon the execution of the contract for construction. The right to reject any or all bids is reserved.
Form for the bids will be furnished. ALFRED DAVIS, City Clerk. Santa Barbara, July 19, 1907.

THE CITY IN BRIEF

BREVITIES.

Company is Host.

The field representatives and office force of the Pacific Mutual Life Insurance Company will be given an outing at Long Beach today by the company. After a dip in the surf, luncheon will be served in the pavilion at the end of the pier. President Cochran will preside and F. G. Tyrrell will deliver the address of the day.

Fruit Hearing Continues.

The lengthy dispute between the Citrus Union and the California Fruit Exchange, and their adherents, still continues in the Supreme Court rooms, before Special Commissioner Frank G. Finlayson. Both morning and afternoon sessions were occupied yesterday in taking testimony, and the attorneys stated last night that another day will probably elapse before argument can begin.

Burned by Gas Explosion.

While repairing an automobile at the Woodhill Auto Computer yesterday morning, J. A. Hymer was seriously burned by an explosion of gasoline. Hymer was lying under the automobile working on the engine. Gas was generated. An explosion followed when a light was used near the engine and hands were fearfully burned, the flesh dropping from his hands and wrists. He was taken to the California Hospital, and later was taken to his home, No. 512 West Thirty-third street. He is single, and resides with his mother.

Mitchell Case Record-breaker.

The L. H. Mitchell hearing before United States Commissioner Van Dyke has already broken all local records for such preliminary procedure. It has been going on for nearly a month, and the conclusion is still beyond official forecast. Mitchell, with several associates, is fighting extradition East on a charge of having duped many stockholders in a mining deal. He is putting up the defense that his purchases were made by a partner, Attorney Valentine, in his leading counsel. Arguments will be heard at 2 o'clock this afternoon.

NEWS AND BUSINESS.

J. W. Frey has moved his stock of musical grates, tiles and sundries to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of musical and brass-plate instruments to be found in the United States.

STAFF OFFICER IS AN OUTCAST.

LEAVES HOME TOWN AT DEMAND OF CITIZENS.

Prominent Lawyer of Kosciusko, Miss., Arrested on Charge of Attempting to Assault His Stenographer, Escapes Wrath of Girl's Relatives by Hastily Departing.

(BY DIRECT WIRE TO THE TIMES.)
KOSCIUSKO (Miss.) July 22.—(Exclusive Dispatch.) Following his arrest yesterday on a charge of attempted assault on Miss Hattie Pressley and threats of summary punishment by relatives of the young woman, Maj. George L. Teal, a prominent lawyer and member of Gov. Vardaman's staff, left Kosciusko early this morning on the north-bound train. His immediate departure from Mississippi was demanded at a meeting of 30 leading citizens last night.

Maj. Teal was considered one of the leading members of the Mississippi bar. He had been prominent in State military circles for years. Last week Maj. Teal engaged Miss Pressley as stenographer in his law office. Yesterday passers by were startled by cries for help from the attorney's chambers. Rushing in they found Miss Pressley half fainting. Sheriff J. D. Black took charge of Teal and he was later released on \$1000 bonds.

"UNFAIR" HABIT SCORED.

President of Indianapolis Central Labor Union Warns Labor Organizations.

(BY DIRECT WIRE TO THE TIMES.)
INDIANAPOLIS (Ind.) July 22.—(Exclusive Dispatch.) The many protests that have been filed against organized labor in this city by business men and manufacturers found an echo in the address of President Perkins of the Central Labor Union last night. He had just been elected to the presidency of the body and was outlining the policy he would like to pursue when he said:

"The use of the 'unfair' list is the weakening feature of this organization that uses it indiscriminately. Nearly five hundred local firms and individual business men in this city have been declared to be 'unfair' by organized labor in one way or another, and organized labor has become a by-word because of the practice. It is against the 'unfair' habit that Perkins protested.

BARBERS MUST BE ARTISTS.

New Law in Texas Makes It Necessary for Them to Be Both Expert and Cleanly.

(BY DIRECT WIRE TO THE TIMES.)
FORT WORTH (Tex.) July 22.—(Exclusive Dispatch.) The new barber law in Texas requires all barbers to be both expert and sanitary. The law provides that all barbers must be registered in towns of more than 1000 inhabitants. A State examination board of three members is to be appointed by the Governor to carefully examine all applicants for registration as professional barbers. The applicant will be tested as to his apprenticeship, his ability and his knowledge of skin and hair diseases.

"LITTLE MOTHERS" GET OUTING.

YORK, July 22.—Frank Tilford, of the well-known firm of Park, Tilford & Co. took a unique way to celebrate his birthday. He invited 750 "little mothers" to give him a birthday party at the home of his family, to take a trip to Coney Island, where they were introduced to the wonders of the resort at Mr. Tilford's expense. HOLY ROLLER IS TROTTER.

Friends of Evangelist Much Shocked by News.

Rescue Mission Dispenses With His Services.

Successor Not Selected Yet by Board.

Will C. Trotter, evangelist and mission worker, has joined the Holy Roller church for some time, but it was not thought that he seriously contemplated joining their ranks. At a camp meeting of the organization, held last Thursday night at Avenue 68, he arose and formally announced that he was converted.

As soon as this was brought to the notice of the directors of the mission they called Trotter before them and asked that he state his position. On his admission that he subscribed to the belief of the Holy Rollers and that he had joined the order the directors voted to place a new man in charge of the mission work.

Trotter is a brother of Melvin E. Trotter, famed throughout the country as an evangelist. He himself has long been associated with evangelistic work and since coming to Los Angeles, five years ago, has been considered one of the most successful mission workers in the local field. His orthodoxy was undoubted and he was always considered a man who would not be led into strange beliefs.

PRIVATE FUND TO HELP LAW.

MONEY RAISED TO ARREST ONE MEAN HUSBAND.

Warrant issued for T. Jefferson White at instance of his wife, charging non-support—claimed that theatrical man deserted mother of his children for chorus girl.

A complaint charging Thomas Jefferson White, a well-known theatrical manager, with non-support of his wife was filed yesterday in Justice Chambers court and a special fund is being raised by attorneys to bring the wayward husband back from San Diego.

White is the adopted son of Mrs. Jauch, formerly Mrs. Hotchkiss, formerly Mrs. Mooney, owner of the Hotchkiss Theater. Last season during the visit of the German comedienne Kolb and Dill, in Los Angeles, White acted as manager for both the company and the showhouse and at that time met Miss F. Whitesides, a chorus girl, with whom he is now alleged to be living at San Diego.

Mrs. White was too ill to appear at the Police Station yesterday and a relative went before Prosecuting Attorney Ford and swore out the complaint for White's arrest. It was found that he could not be arrested by local officers because there is no fund set aside for the transportation of prisoners on misdemeanor charges. In view of the desperate circumstances of the case, Attorney Ford started a fund to bring back the accused man, who has about the same situation as a number of those interested in the case have promised donations so that the warrant can be served in San Diego.

White, after his first wife secured a divorce from him six years ago, began to pay attention to a theatrical woman who lived at his mother's home. Mrs. Hotchkiss favored the match and wedding resulted. They lived happily for three years. White seemed to care a great deal for his wife and their little girl.

When the Kolb and Dill show and with it the pretty chorus girl with her wealth of golden curly hair and her big gray eyes.

FEARS BABY IS BURNING.

Mother's Agonized Cry Causes Wild Alarm During Residence Fire.

"My baby! Oh, my baby!" The heartrending cry of Mrs. W. C. Moore as she saw her home in flames yesterday morning, aroused the neighborhood in the vicinity of Thirty-fifth street and Hough avenue. The frenzied mother called loudly for help, declaring her baby was in the burning house. When the help arrived, she promptly fainted.

Men dashed into the smoke-filled building, bent on rescuing the babe. An alarm of fire was turned in, and engine company No. 15 responded quickly. The firemen searched the house. The baby could not be found.

Meanwhile Mrs. Moore was being cared for by neighbors. The flames were extinguished, and a more systematic search was made for the missing infant.

When the smoke had cleared away a neighbor appeared with the youngster unharmed. As Mrs. Moore regained consciousness her baby was placed in her arms. Her burned home was forgotten.

to take full charge of the Union Rescue Mission.

The Union Rescue Mission is supported by the evangelical churches of the city, and is governed by board of directors appointed by the churches. The directorate is made up of Giles Kellogg, Judge Wilbur, President John Willis Baer of Occidental College, W. E. McVey, Benjamin F. Pearson and others.

No decision has been reached yet as to Trotter's successor, but some action will be taken within the next few days.

The claims of the so-called apostolics, or, as they are more generally known, Holy Rollers, have never been taken seriously by the orthodox churches, and in afflicting himself with the sect, Trotter has practically cut himself off from his former associates.

QUEEN'S FRIEND HELPING BLIND.

AMBASSADOR'S WIDOW VISITS LOS ANGELES.

Like Elizabeth of Rumania, She is Devoting Her Life to Promoting Happiness and Welfare of Sightless People—Her Lectures Describe Work Being Done in Rumania.

Mrs. Frances Fearn, widow of the late United States Ambassador to Greece and special messenger from Queen Elizabeth before the king of Rumania, arrived in Los Angeles yesterday and is a guest at the Alexandria.

Mrs. Fearn is making a tour of the Western States in behalf of a movement to better the condition of the blind, a philanthropy in which Queen Elizabeth is especially interested.

Since the death of her husband, Mrs. Fearn has delivered lectures, illustrated with views of "Vatra Luminoasa," the name of the Rumanian city for the blind.

In speaking of the work that Queen Elizabeth is doing Mrs. Fearn said: "The Queen has evolved an original plan in her city for the blind, which is supported, for the most part, from her private income. There blind people have their own homes, and families are kept together. The blind children are taught the manual arts. Workshops and industries flourish in the city of Vatra Luminoasa. Churches, too, are numerous, and everything possible is being done for the sightless people to make them independent and happy."

Of her own work Mrs. Fearn said: "I do not try to organize any movement, but endeavor to assist any local movement I may encounter. There are certain things I would like to see done for the blind, in addition to the good work already started. Mine is all missionary work. I deliver my lectures wherever I think they will do good. I like to relieve individual cases as far as it lies in my power."

"UNCLE JOHN" BACK AGAIN.

Mrs. Lamberton and He Are Keeping House.

Mr. Bryson Says: "Damn It, Boy, I'm Feeling Fine."

Laughs at Idea of His Wife Being His Guardian.

"Uncle John" Bryson is home again. He returned to Los Angeles Thursday night. Mrs. Gladys Lamberton, after a month in New York City. He is in the best of health, and has just celebrated his eighty-ninth birthday.

"Uncle John" and Mrs. Lamberton are keeping house in the beautiful home at No. 802 Bonnie Brae street. There are no servants. Mrs. Lamberton does the cooking, and cares for "Uncle John." He declares she is the best woman on earth.

Friends of the couple will be surprised to hear of their return. "Uncle John" and Mrs. Lamberton had agreed to keep the matter a secret. They were discovered yesterday by a Times reporter. Mrs. Lamberton, in a dainty kitchen costume, answered the door bell.

"You must excuse me," said Mrs. Lamberton, blushing prettily. "but I am maid of all work. You know we have no help and I am doing the cooking, besides, waiting on Uncle John. We have been home since Thursday, though scarcely any one knows, except, of course, the delicious. We are enjoying ourselves without anybody to bother us."

"Oh, yes, Uncle John is in the best of health. He stood the journey well—better than I expected. He is happy and contented as he can be. Why he never wants for a thing, and he is as good-natured and pleasant as a man of his age."

OCULIST OFFERS NO HOPE. "We went to New York for Uncle John's benefit. His eyes, you know, are failing. He was examined by an expert, but he said nothing for Uncle John. That was a sad blow to him. He does so want to be able to read."

Presently Mrs. Lamberton, looking herself on the heels of having to look after the soup. She was cooking noodle soup for "Uncle John." As the kitchen door swung open the aroma of the cooking was wafted into the parlor. It was inviting.

"The said Mrs. Lamberton, 'they say I can't cook, but I'm going to prove to them that I can.'"

While she was speaking, "Uncle John," who had heard her voice, came downstairs and entered the parlor. He was a light gray suit, cut in the latest style, a handsome cravat, and looked even better than before he left for New York. He greeted his visitor with the old-time cordiality.

"Why, damn it, boy," said he, "I'm feeling fine. Do I look as if I needed a guardian. I guess I can hang on for awhile yet. Damn it, what do they think that I need a guardian for?"

"Then Uncle John paused, and said: 'Well, that makes me mad every time I think of it.'"

LAUGHS AT GUARDIAN IDEA. "They wanted to appoint my wife as guardian over me," he continued. Then he laughed. "Why, she's 83 and never had but three days' schooling in her life. She couldn't run up a column

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Members of the City Board of Equalization stated yesterday that it is probable the franchise assessments of City Assessor Mallard will be sustained.

The Police Commission yesterday granted permits to every applicant appearing before that body. One whole-sale liquor license was revoked, because its holder sold liquor to minors.

The City Attorney yesterday advised the City Board of Equalization that the assessment of over \$2,000,000 against E. L. Dohney for solvent credits based on his Mexican oil stocks was erroneous and should be cancelled. The City Attorney has decided that the Fullerton Oil Company is assessable in Los Angeles for its franchise, even though it is incorporated under the laws of Arizona.

William L. Dodson, whose voice, in testifying in the Superior Court, showed the effects of his training as a "female impersonator," yesterday was granted a divorce from an actress. Dodson has been a rancher in El Monte for many years.

Many cousins of John Fagel, a Syrian peddler who is known to have money in a deposit vault, sought appointment as guardians yesterday when Fagel was charged with insanity.

Charles Hanson, accused of setting fire to the fields near Lankershim, will be punished, if found guilty, though the action of the Justice's court has been set aside.

C. Weener, accused of operating a swindle through building contracts, was arrested yesterday and charged with embezzlement.

Mrs. Jewett E. Phillips, widow of a workman who was killed in the Hotel Bixby collapse, was awarded \$10,000 damages by a jury yesterday.

A seventeen-year-old wife filed a complaint against her husband in the Police Court yesterday. She says he has deserted her twice since their marriage, two months ago. Prosecuting Attorney's office furnishes the information that such cases are many.

AT THE CITY HALL.

MAY INDORE MALLARD'S LIST.

BOARD OF EQUALIZATION IN MIND TO MAKE NO CUTS.

Possibility That High Valuations Placed by City Assessor Will Remain Unchanged—Lighting Companies Occupy Entire Day in Endeavors to Secure Reductions.

From present indications it is likely that City Assessor Mallard's assessment of corporation franchises will be generally sustained by the members of the City Council. Such was the sentiment expressed by one of the Councilmen last evening, after conversation with brother members.

The most notable dropping on the assessment roll will probably be the cancellation of the \$2,000,000 assessment for solvent credits against E. L. Dohney, which the City Attorney holds is not a proper assessment.

Yesterday the Los Angeles Gas and Electric Company and the Edison Electric Company occupied practically all of the time of the board in their answers to citations to show why their assessments should not be raised.

The same old grounds of controversy, as to the proper method of assessing franchises, the difference between actual value and operative value, et cetera, were gone over by the attorney and City Assessor Mallard.

Attorney Trowbridge, for the Edison Electric Company, insisted upon putting Mallard on the witness stand, and endeavored to make him tell by exactly what processes he arrived at a determination of the amounts to be assessed that company. Deputy City Attorney Wilson interfered with this game, much to Trowbridge's dissatisfaction.

"It is not for these attorneys to attempt to make the City Assessor explain all the details of making these assessments," said Wilson. "It is the conclusion that it is in question whether the City Assessor gets the proper conclusion, it is immaterial as to how he arrived at this. It is for the petitioners to show that this assessment is not correct, if they so desire; and they must produce their own witnesses and not expect to make the City Assessor take the stand and help them prove their case. I advise you to get on with the assessments."

The Edison company's attorney tried to show that the City Assessor's assessment was not fair, but the concern is scattered over seven counties and through seventeen cities it was not fair that it should be taxed on its franchise as a whole by Los Angeles. It was intimated that if the assessment were not reduced, the case would be taken into the courts for adjudication.

Like all other franchise cases, this went under advisement, and this means that it will have final action on Thursday night.

"GRANTED."

The slogan "Granted" seemed to apply to every matter that came before the Police Commission yesterday.

Mayor Harper made his first public appearance in his brand new "tuxedo," and he was immediately "granted" that he looked fifteen years younger, and could well qualify as the junior member of the Harper family. It was intimated that this is the first step in Mayor Harper's aspirations to walk in the steps of John D. Rockefeller, since he joined the oil brigade.

William Winslow, who says he has lived twenty-two years in Los Angeles and conducts a branch of a Massachusetts college of phenology, was granted a permit to do business as a phenologist.

The transfer of the restaurant liquor license from F. J. Lincoln to S. J. Gilmore, for No. 223 East Third street, was granted.

Mrs. Ora got a permit to practice palmistry at No. 3345 West Third street, and Eva Finkelshtein can be a clairvoyant at No. 127 West Thirtieth street by official permit.

A. M. Contreras was appointed a special police officer for duty in the city parks, at the request of the Park Commission. Bernard Thomson was appointed emergency telephone clerk at the Police Station, as there are no eligibles on the civil service list. The resignation of P. H. Brady as a special officer was accepted.

The wholesale liquor license of C. O. Wolf, No. 2208-10 Central avenue, was revoked on the showing that he had been found guilty of selling liquor to minors and had been fined \$100. It was claimed that Wolf had been selling intoxicating liquors to the Washington-street school, and that some of them had appeared at school in such a state of intoxication that they were sent home.

"SOLVING CREDITS." DOHNEY GETS CANCELLATION. The application of E. L. Dohney for the cancellation of his assessment on "solvent credits due from the Mexican Petroleum Company, Limited of Mexico," amounting to \$2,000,000, which was given a hearing before the City Board of Equalization last week, was referred to the City Attorney's office for an opinion as to the legality of the assessment.

Yesterday Chief Deputy City Attorney Wilson gave to the board his opinion on the matter, and that body will undoubtedly follow his advice. Wilson advises that the petition be granted and the assessment be cancelled.

He says in this connection: "The facts, as sworn to by Mr. Dohney at the hearing of his application, show that the transaction out of which this assessment grew was a complicated one, involving the transfer of large tracts of land in the republic of Mexico, together with stock in several corporations organized under the laws of different States."

"According to Mr. Dohney's testimony the land and stock were transferred, but not until after the date Monday in March of this year was it determined whether he would receive in return therefor stock in the Mexican Petroleum Company, Limited, of Mexico, or other land in the republic of Mexico."

"About March 10, 1927, some stock was issued to him in the latter corporation, and at the date of his examination before your honorable board he had received stock the par value of which was about \$11,000,000. Other stock is yet due him, but the board did not disclose facts sufficient to justify an assessment of solvent credits."

City Will Prosecute. The City Board of Equalization has authorized by the City Council to prosecute such actions as may be necessary to collect the taxes on the franchise of the City Council. Such was the sentiment expressed by one of the Councilmen last evening, after conversation with brother members.

The American La France Fire Engine Company of San Francisco yesterday was granted an extension of ninety days on its contract with the city to furnish two extra fire engines. The company claims this type of engine has to be built by special order, and that this was the cause of the delay.

Fullerton Is Assessable. The City Board of Equalization has received from Chief Deputy City Attorney Emmet H. Wilson an opinion that the Fullerton Oil Company, organized under the laws of Arizona, is assessable on its franchise in this city. The company raised the objection that its franchise was non-assessable here, because the articles of incorporation state that the principal place of business is in Phoenix, Ariz., but Wilson holds the real property and oil wells of the company are in California, and that the meeting place of the board of directors is in Los Angeles, and no sales are made except through the Los Angeles office; the company's stock is kept in bank here, and in fact none of the business is transacted outside of Los Angeles except the holding of the annual meeting of the stockholders. Attorney Wilson holds that it would not be just to allow this corporation to avoid all its business taxes on the grounds laid down in section 15 of the articles of the State Constitution, which provides:

No corporation organized outside this State on more favorable conditions than those prescribed by law to similar corporations organized under the laws of this State."

Will Change Its Line. The Los Angeles Railway Company yesterday signified to the Board of Public Works its willingness to change its westerly track on Marmon Way, from DuPont avenue to Avenue 45, a distance of about 2000 feet, in accordance with the desire of the property owners of that section, who desire to improve that section. The company proposed to put in side pole, instead of center pole construction, at that point. If the Board of Public Works will determine that this is the best method.

Van Ness Avenue. Property owners Van Ness avenue have again petitioned the city to accept as a public highway Van Ness avenue, which has been offered before and refused. The Board of Public Works has just adopted a resolution that the street be accepted until a provision is made for the drainage of water now obstructed by the present grade.

More Street Sweepers. Inspector of Public Works Edwards yesterday made small additions to his list of laborers in the street department, because of the change in the number of streets to be swept. Prior to July 1 the street sweeping was done by contract, the contractor furnishing the men to do the work. The new contract is on a per diem basis, and the contractor furnishes the men to do the work. The number of drivers of the sweepers' wagons has also been increased.

Emergency Appointment. At a special session of the Board of Health held yesterday, Frank Ford was appointed as an emergency milk inspector, under Chief Inspector Hood. Dr. Powers and Inspector Hood yesterday made a round of the dairy farms in the vicinity of the County Farm.

In these times when the overworking of the city is a fact, it is refreshing to run across at least one department, which presents the picture of a well-run office. The Public Works Edwards has sent to the

City Council a communication, one clause of which reads: "I call your attention to the fact that my report to the City Auditor showed that this department had kept within its appropriation last year, showing a small balance in the several funds. I also call your attention to the relatively large credit in the oil fund. This is not a surplus, but is the balance to pay for oil which is contracted for, and is now being applied."

AT THE COURTHOUSE. BY HIS BLUSHES PUZZLES COURT. FORMER FEMALE IMPERSONATOR SECURES DIVORCE.

Young Man's Girlish Voice and Manner Not in Keeping With Business of Ranching and Earlier Career Comes to Light—Actress Wife Finds El Monte Too Peaceful.

In a girlish voice, William L. Dodson testified yesterday in the action he had brought against Anna Dodson for right of divorce, that he had been a "female impersonator" for many years.

Dodson testified that he had been a resident of California for thirty-three years, and blushed. He did not appear to be more than 25 at most.

He said he was a rancher, and that most of his life had been spent at El Monte. His marriage had taken place in Los Angeles, on December 22, 1905, and Anna Dodson had deserted him and the El Monte ranch on February 25, 1905.

There was something strangely unreal in the girlishness of his voice and manner, and in a deprecating laugh which suggested a giggle.

made a startling change in his business methods. He began suddenly to sell to his customers for 50 cents each, and he added half a dozen yards of choice lace, gratis.

It was explained to the Syrian gathering that no guardian could be appointed until after Fagel had been declared insane.

CONTRACTOR ARRESTED. EMBEZZLEMENT IS CHARGED. C. Weener was arrested yesterday, charged with the embezzlement of \$207.35, which had been placed in his care, according to the complaint, for the use of Catherine L. Snar.

That something serious lay behind the specific charge was indicated by the action of Justice Selph, who at the request of the District Attorney's office, fixed bail at \$3000.

Weener apparently has been a contractor and builder with offices in the Pacific Electric building. Many complaints have been lodged with the District Attorney because of his alleged swindling practices. It is said that L. P. Snar, who swore to the complaint on which Weener was arrested, first brought suit proceedings to recover money paid to the alleged contractor for the erection of a house on which no work was ever done. It was charged. He secured a judgment which proved to be worthless.

VERDICT FOR WIDOW. SHE GETS TEN THOUSAND. The first of the damage suits resulting from the collapse of the Hotel Bixby, November 3, 1906, in Long Beach, was heard yesterday in a verdict of \$10,000 for the plaintiff, Mrs. Jewett E. Phillips, and her two minor children.

Mrs. Phillips is the widow of Lewis Newton Phillips, a workman employed in the construction of the hotel, who was crushed to death by the falling timbers.

The trial consumed nine days, and was taken up chiefly with the discussion of the architectural plans, the strength of timbers and the methods of building employed.

The action was brought against the Long Beach Hotel Company and the architects, John C. Austin and Frederick G. Brown.

LIKE OLD WOMAN IN SHOE. TOO MANY CHILDREN FOR JOY. An unsuccessful endeavor to merge two good-sized families was recounted yesterday in the Superior Court. It resulted in the granting of an interlocutory decree of divorce to John S. Darst, and Mary E. Darst. The latter had returned to Oklahoma with her own part of the family and was not present at the trial.

The wedding had taken place in Guthrie, Oklahoma, in March, 1927. He had held her for ten children, and she a widow with five.

"I couldn't get a house big enough to hold them," Mrs. Darst declared yesterday with a witness stand. "Her children and mine wouldn't agree, and then her and I wouldn't agree."

So simply he summed up a situation which must have held many interesting features. He spoke of his wife having benefited financially by Darst's marriage, but he seemed not to regret it.

Darst, who is an old soldier, keeps a little harness shop in Sawtelle.

COURTHOUSE NOTES. BREVIARY MISCELLANEOUS. DAMEGRATE AWARDED. Mrs. Margate Rhoads, who brought suit against the Los Angeles Inter-urban Railway Company for \$12,500 for alleged injuries received in a collision at Vermont Avenue, was awarded \$1500 by a jury yesterday in the Superior Court.

"OLDS" FINANCIERS. Creditors of Ollie J. Watkins, through their attorney, H. H. Roser, have secured the liquidation of subpoenas for various relatives and acquaintances of his, bidding them come to court next Friday and testify as to the finances of "Ollie."

NEW CORPORATIONS. Los Angeles bond and mortgage company, capital stock \$100,000, with \$10,000 subscribed. Los Angeles-Utah Oil Company, the directors of which are A. C. Harper, Charles H. Fuller, William M. Humphreys, Anthony Schwamm, Nathan Cole, Jr., E. A. Clampt, I. W. Gardner, George Montgomery, Paul W. Schenck; capital stock \$100,000, with \$200 subscribed. William H. Pierce Company, undertaking, capital stock \$25,000, with \$2500 subscribed. Copper King Mining Company, capital stock \$100,000, with \$5 subscribed.

The City Flouring mills at Lawrence, Mass., were destroyed by fire early yesterday. They were owned by Frank E. Chandler of Boston, and the loss is estimated at \$75,000.

POLICE GIVES ADVICE. Householders Intending to Visit Beach Should Put Valuables in Safe Deposit Vaults.

Because of the carnival of robbery in the residence district, acting Chief of Police Paul Flammner yesterday issued his plan to advise citizens to place their valuables in safe deposit vaults before leaving home for the summer. In the past two weeks forty robberies have been reported of unoccupied homes.

Chief Flammner said yesterday: "These men have been working the city successfully for the past month. They are commonly known as passers and their methods are so simple that it is hard to detect them. They do not work under suspicious circumstances and they do not attract attention. They enter a house boldly, knock the door behind them and do their work in brief daylight."

"They are the most dangerous kind of thieves. The chief remedy is to put one's valuables in the safe deposit vaults before leaving town."

STEEL VAULT that was built especially for storage and protection of trunks and other packages of valuable property. With this convenient and safe place at your service, there is no excuse for not following the above advice.

Trunks stored at 50 cents per month.

Bennett's Slayer Arraigned in Police Court.

Emotional Insanity Seems Her Plan of Defense.

Sad Story of Forsaken Wife and Children.

Charged with having murdered Geo. T. Bennett, a well-known electrical expert, Mrs. Estelle Corwell, his mistress, was arraigned before Judge Charles Bennett yesterday and held in the Police Court pending preliminary examination to be held July 25.

All day yesterday the woman sat in one of the small cells of the City Jail, brooding over her act and whining from time to time that she had killed Bennett because she loved him.

After making a full confession of the murder, Mrs. Corwell talked with her attorneys, who called upon her. Then she refused to receive visitors and remained to her cell.

The morning she will appear at the court is to be held at 9:30 o'clock and the case will be heard.

ESTELLE CORWELL, who shot George T. Bennett to death Monday night.

At that time she may or may not give evidence. Attorneys Davis, Rush and Bennett, who are representing her, did not say whether she would testify.

"BECAUSE I LOVED HIM." Mrs. Corwell testified that she had killed Bennett because she loved him. She said that she had been with him for many years and that she had been his mistress.

Nothing so Good in Summer.

Nothing so healthful and satisfying in Summer as

Shredded Wheat combined with fresh fruits or creamed vegetables.

If you want a dish that is deliciously appetizing and sustaining,

warm a Shredded Wheat Biscuit in the oven till it is crisp,

crush a hollow in the top and fill it with berries, sliced pine-apple, bananas or peaches, and

serve with cream and sugar. Contains more real nutriment than meat or eggs.

For breakfast heat the Biscuit in oven to restore crispness, pour hot or cold milk over it, add a little cream and a little salt; or, sweeten to taste. Shredded Wheat is delicious and wholesome for any meal in combination with fresh or preserved fruits. At your grocers.

have been revealed to them in a way they have deemed impossible in Southern California.

"I have lived here twenty years," remarked R. D. List Sunday evening upon his return from such a sail, "and I never realized before there was such a magnificent body of water as Inner Newport Bay."

The first of these parties started upon their sail Sunday evening, and under the guidance of Commodore E. E. Chase, in the side-wheeler Newport, in command of Capt. Marsh, made the round of the lower bay and then started through the mysterious channels of the upper bay. Through the winding channels, past queer peaked islands, under frowning cliffs, through bright stretches of moonlit, landlocked bays sailed the boat, and then suddenly she shot into the upper reaches of the bay, and upon this miniature inland sea in the heart of the San Joaquin ranch, the guests felt as though transported to a marine fairland.

Among those who made the trip are Mr. and Mrs. Franklin Booth, Mr. and Mrs. William H. Macklin, J. M. Keady, Miss Helen Keady, H. W. Ayres, Worthington Gates, Miss Ora Seely, W. E. Humes and party. The trip was a most enjoyable one, and the guests felt as though transported to a marine fairland.

What did Halsey do with all that came back to him?

The wages of sin have not been advanced, but are always ready to be paid when due.

Mr. Taft says there is no graft at Panama. If so, Panama must feel pretty lonesome.

The belief that the Koreans are a simple people is borne out by the simple names they have.

The way with our troubles is this, that when it isn't one thing it's another and sometimes it's both.

Whenever one country finds itself wanted by another country it may as well prepare to put up a fight.

Tacoma is to have a twenty-three-story building. Seattle will see her, and raise her a couple of stories.

"What wouldst thou more?" asks a magazine poet. Well, about a million more is what most of us wouldst.

We trust that the peace conference at San Francisco will make better progress than the one at The Hague.

The peckaboo waist has ceased to shock. Something more daring must be tried if the interest is to be kept up.

About all Mr. Zimmer of the telephone company seems to be willing to do is to come into court and say "hello."

Mark Twain need not swell up because he has received a degree. We know lots of men who have received thirty-two.

It is strange that sailors find so much pleasure in chewing tobacco when they so seldom have sidewalks to spit on.

Between the automobiles, the ships and the railroads there are killings enough. The man who talks war ought to be kicked.

The name of the secretary to the deposed Korean Emperor is Pak. When last seen he was busy preparing to pack up and get out.

Mr. Loneragan gave the money to his wife, and she, good woman, asked no questions, but tucked it in the depths of her stout woolen sock.

Gov. Johnson of Minnesota being a Swede, we don't see how he is to be prevented from becoming President if he makes up his mind to it.

Mrs. Patti knows eight languages and eighty opera by heart. But she'll bet she can't remember where she puts her spectacles half the time.

The Christian gentlemen who have loaned money to Japan are making no protest against the subjugation of Korea as far as can be ascertained.

Vice-President Fairbanks gains nothing with the common people by having eaten breakfast with a section boss. A section boss is an autocrat.

Now we are to have what is to be known as "advanced" suffrage. But we'll bet it will be a little worse than the present kind at an advanced price.

The suggestion that we imitate Japan by organizing a Cabinet of Elders in this country is too suggestive of Tom Platt and Chauncey Depew.

The report that a Japanese spy has been caught sketching the coast defenses in Southern California has no more foundation than the fortifications have.

Louis Glass might be of some assistance in inducing Zimmer to talk, but he shows no inclination to help the court. Louis is running chances of having himself suspected.

Up to date Mr. Delmas appears to have called at least 147 different ways of doing the laundry on the other side of a jacket without really ever coming right out with it.

An Illinois preacher says that kissing sends true people to bed, and anything else. From now on every woman who kisses her husband good-bye in the morning knows whether she is sending him.

The heathen's custom of reporting to the spirit of his ancestor might be a good thing for us to adopt, especially if our ancestors could make a few audible remarks when the reports are handed in.

Queen Wilhelmina lost her dachshund the other day, and Prince Henry walked fourteen miles through the woods to find it. There must be some mistake about these reports that Henry is not a good husband.

It is reported that Mark Twain slipped King Edward on the back several times, and the King did not resent it. Among the many good qualities of Edward are his good nature and his good sense. He is not the least bit of a snob.

CRUEL EXAGGERATION.

The most conspicuous and reprehensible instance of reckless and heartless newspaper faking that has recently been observed hereabouts was the report under a sixty-point headline in Monday evening's Express that 150 people had lost their lives in the shipwreck off the coast. The disaster was bad enough and sad enough without exaggeration—without doubling the number of dead. Hearts too many would have been wrung by a truthful statement. It was a cruel and infamous thing in the Express to circulate that atrocious falsehood—to print that flaming headline, "Shipwreck Results in 150 Deaths," with a bogus list of the lost under it—for the sake of the few pennies to be gained by the sale of a score or two of extra papers to a deceived and excited public.

When he penned that "yellow" headline and rushed to press with his exaggeration, Mr. Earl must have known that he was doing a needless and wanton act of heartless cruelty that would bring distress to hundreds of people; but the lure of a few pennies from extra sales was enough to carry him to any extreme. Last evening's Express cut down the number of dead to ninety-eight—and even these figures were exaggerated.

It is such tainted and mercenary dishonesty as this, deliberately pursued for years, that convinced the intelligent reading public, long ago, that the Express is entirely untrustworthy as a newspaper. And it is such tricks as its yellow-dog-like suppression of the news of the rioting and shooting by the San Francisco strikers last Saturday and Sunday, in its base catering to the anarchistic elements—it is such tricks as this that are causing a large proportion of Earl's subscribers to desert his unscrupulous, criminally libelous and flippant list personal organ.

BANK CLEARINGS AS INDEX TO BUSINESS.

In financial circles the reports of the clearinghouses of the country are looked upon as among the best, if not the very best, indices of business activity.

If we should go back to about 1892 or 1893 we would find the weekly exchanges passing through about forty clearinghouses of the large cities amounted to something short of a billion dollars. There was a shrinkage between 1890 and 1896, so that at the time of greatest depression the figures fell below the billion-dollar mark. With reviving conditions in industries came an increase in the clearinghouse reports of the country, mounting slowly at first, until they passed the billion-dollar point, and then leaping above the two-billion-dollar point, and finally wavering week by week around the three-billion-dollar point. These increasing figures would probably come nearer than any others that could be compiled to measuring the growth in our industrial activity outside of a general review which would embrace all the industries in an exact manner.

The latest figures for an extended period are those just out, showing the exchanges passing through the clearinghouses of some sixty cities in the country for the whole month of June. The totals for the month for all these cities showed a falling off as compared with the year before of about 1 1/2 per cent., the exact decline for the month being \$1,112,446,949. Compared with June 1905, there would be an increase of very close to \$100,000,000. The increase of June 1906 over that month in 1905 was almost 16 1/2 per cent.

AGRICULTURAL PARK.

The movement to turn over Agricultural Park as a gift to the city of Los Angeles deserves not only the encouragement of all good citizens, but their active assistance as well. If this splendid sweep of 100 acres can be given to the city it will prove a royal gift, indeed, and will furnish the municipality with the opportunity of making it one of the show places of America, not to speak of the incalculable benefit it will be to the public as a playground and breathing place.

The south end of the city is not yet provided with a park, and it needs it as much as do the other portions of the city. Agricultural Park is very susceptible to treatment and can be made beautiful beyond imagination with a minimum of expense. In fact it can be made unequalled by an outlay of money that would prove insignificant compared with the results.

All that is necessary for the acquirement by the city of this magnificent property is that personal differences on the part of those interested be settled for the good of the whole people. No thought of personal gain should be in the minds of those who may be able to place obstacles in the way. It should be a matter of civic pride and patriotism with everybody to assist in making Agricultural Park a park for all time, open to all the people here and there. It is an opportunity that the people cannot afford to lose.

TECHNICAL SCHOOLS.

The telegraphers' union of the country is a pretty good corporation. The unionists know there are not anything like enough men to fill the places in an eight-hour shift schedule all along the line. Yet they will not permit enough new men to learn the business to meet the necessities of the case. The old rule as to the number of apprentices is to be kept in full force.

This is a new chapter in a very long and very old story. There is only one way out of this difficulty. Labor unions must not be permitted to limit the number of young people who can learn gainful trades in the country. Their policy is to keep the number of skilled men permanently and continually so low that there will not be enough to fill the places. In order to be able to force wages and control industries.

Technical schools must be provided either by those who manage the industries or by the schools. Perhaps both will have to lend a hand. The polytechnic schools are doing something. Let them be directly practical so that young men and women equipped to do good work may be sent out from them. The various industries should also establish practical schools to the same end.

THE VEGETARIAN BOOM.

The most conspicuous and reprehensible instance of reckless and heartless newspaper faking that has recently been observed hereabouts was the report under a sixty-point headline in Monday evening's Express that 150 people had lost their lives in the shipwreck off the coast. The disaster was bad enough and sad enough without exaggeration—without doubling the number of dead. Hearts too many would have been wrung by a truthful statement. GO SLOW IN MUNICIPALIZING.

Let those who are clamoring for municipal control of all the utilities of the city take a day off from dreaming and study a short statement of the debts of New York City.

That municipality owes more than \$500,000,000, more than half the national debt, more than twice the debts of all the States in the Union put together. The city of New York owes nearly as much money as the decrepit old Chinese empire.

The per capita debt of New York is \$145.35, of Boston \$116, of Cincinnati \$114.

The Times made the statement the other day that an association of business men could be formed to take charge of all the branches of municipal government in Los Angeles, give the city better service in every respect, and save \$1,000,000 out of this year's tax levy. An association of business men in the last fifty years could have governed New York out of the regular tax levy and probably saved the city \$500,000,000.

Here in Los Angeles, where I think our city government is pretty good, there has gone on for years a general disregard for the city laws and a criminal extravagance in city administration. The city officials were not poor. There has not been one of them who would have stood for the things he winked at in the city's business if it had been his private affair.

Poor old human nature! The talent of officials is in deep in its veins, and lurks there in the best. When all are so conspicuous and honest that they will give the same attention to the city's business as to their own, then let us talk of wholesale municipal ownership. But until we all become regenerate, let us think the matter over.

BACK TO FIRST PRINCIPLES.

For years the dreaming reformers have been expatiating on the dangers lurking in an elective judiciary. The people's choice was not to be trusted. Now comes Roger A. Pryor, just retiring from the Supreme Court bench of the district of New York, who, extending to the greatest admiration for President Roosevelt, points out the great danger to republican principles that lurks in an appointed judiciary, even where the appointive power is lodged in the President of the United States.

Gen. Pryor says: "There may come a day when a President is not honest and conscientious, but selfish and ambitious. It is easy to see the danger to the Constitution that such a man might bring about."

So there you are, with one of two sharp horns of a dilemma to choose as a safe place to rest.

The fact is there are great dangers everywhere ready to beset a popular form of government, and there is no refuge excepting in the intelligence and patriotism of the people. So long

as our citizens are well informed and have a due appreciation of the blessings which they enjoy under our form of government, there is nothing to fear. Such people will elect just Presidents who may be trusted to appoint just and conscientious judges.

For the rest, when our citizens become generally degraded, ignorant, dishonest and forgetful of their rights as freemen and blessings as Americans, then it will not matter who is President, or what kind of judges we have. If the republic must exist for people such as that, let the grand old thing perish from the earth. There can be no popular government where there are not men of high character and noble sentiments.

POEMS BY MAYOR TAYLOR.

(From published collection of verse by Dr. Edward Robinson Taylor.)

SAN FRANCISCO.

Queen regnant she, and so shall be for aye.

THE PRESIDENTIAL SITUATION.

The bill at the Orpheum this week from vaudeville—which means that it is neither all dancing, all juggling, all play-acting—but an adroit combination of these so that the diversity is complete. That is what vaudeville means.

Technically, the most interesting of the new things is Berna's astonishing marionette show. This is the best of its kind in the city. The marionettes are ever seen. The manipulator's little stage occupies practically the whole interior of the big theater. In front of it is the orchestra, a complete corps de ballet, with pre-dance, and the strings and the piano. This complicated mechanism is hidden in his two hands.

Anta Hartling, a Swedish girl, may be fourteen years old, or only, does some clever juggling, including several variations on the thread manipulations.

We may be thankful for that little beauty, Lalla Selbini, with her face, her eyes, her hair, her voice, and her vast lack of any real accomplishment. But Lalla is here as a novelty, and she is a novelty.

During the sixteen weeks of the season, she is a novelty, and she is a novelty.

PLAYERS AND PLAYHOUSES.

The Hill at the Orpheum this week will be a vaudeville—which means that it will be all dancing, all juggling, all play-acting—but an adroit combination of these that the diversity of the program. That is what vaudeville means.

Probably, the most interesting of these things is Bernar's astonishing vaudeville show. This is the best of its kind in Los Angeles. The vaudeville stage occupies practically the entire interior of the big theater. It is the center of the orchestra, the orchestra leader, and at the same time the center of the vaudeville corps de ballet, with pre-arranged, and the strings that play the music. The vaudeville show is a masterpiece of mechanism in his two hands.

Baldwin Refrigerators for Government Hospitals

...Twenty-Second Year... The Baldwin Refrigerator Company has been notified that its proposal to furnish the U. S. public health and marine hospital service with refrigerators for the current fiscal year has been accepted, making the twenty-second consecutive year that this important branch of the government service has adopted the Baldwin dry air refrigerator for use in all its hospitals and quarantine stations. So highly were these refrigerators regarded by the surgeons and stewards as far back as 1884-1885, that one of them was included in the government exhibit at world's exposition, New Orleans, marked "Standard refrigerator for hospital use."—Burlington Free Press, August 18, 1906.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SPIRIT VAPOR FLAMES KILL.

Death Comes Swiftly to a Woman in Pasadena.

After Alcohol Bath She Took Hot Flatiron to Bed.

Neighbors, Hearing Screams, Burst in to Aid.

Office of The Times, No. 28 E. Raymond Avenue.

PASADENA, July 24.—Death by ignited alcohol vapor came swiftly to Mrs. Claude Markey of No. 561 North Raymond Avenue last night.

Mrs. Markey had been unwell for several weeks. Before retiring at 10:30 p.m. she took an extensive alcohol bath. When she went to bed she took with her a heated flatiron.

Sometime just before 12 a mystery as yet unsolved—the vapor, heated by the flatiron ignited and in an instant the woman was wrapped in flames.

Her husband was sleeping on a screen porch. Her screams were heard by M. P. Thayer, and another man on a neighboring place, and they ran and burst into the room where she was.

They carried her out and returned to the room to put out the fire.

Although the interval between her screams and the time when aid reached her was very brief the flames had done their deadly work.

Under the care of Dr. Charles Lockwood the woman was conveyed to the Pasadena Hospital, but she was dead before she reached there.

Mrs. Markey was about 35 years of age. She leaves a young daughter. The widower is a dentist with offices at No. 15 Stanton Building, Dr. and Mrs. Markey were popular here.

ASK FOR DOUBLE TRACK.

Application was filed yesterday with the City Council by the Pacific Electric Railway Company to double-track its line on Colorado street. Business men along this main thoroughfare insist that a double track will ruin business, and there is much opposition to the plan.

Protests have been filed heretofore when the matter was mentioned as a probability. Many of the business men desire that the street be widened to lead him up the hill, thought nothing strange when Griggs sent and asked that Vera might be accompanied by the child.

Accompanying the application filed yesterday was a petition signed by eight property owners asking the Council to give a franchise to the Pacific Electric to double-track all its lines in the main section of the city, which would include Fair Oaks Avenue as well as Colorado street. The application for the franchise was accompanied by a certified check for \$300. The matter will be heard by the Council next week.

MENTOR-AVENUE OPENING.

After a long fight before the Council the opening of Mentor Avenue was ordered on a plan submitted by the City Engineer, Van Gratten and the Throop Polytechnic Institute has determined to abandon its grammar school site at the corner of California street and Lake Avenue.

The street will be opened south from San Pasquale street on a series of curves so as to meet a similar extension from Arden road north, and to be of a uniform width of sixty feet. The previous action of the Council ordering the street to be opened through the lands of the Throop Polytechnic has been rescinded and the work on the Arden extension will begin at once, although steps to complete it from San Pasquale Avenue will be deferred.

SECURES OPTION.

Throop Polytechnic has secured an option on the former home place of E. C. Webster at No. 47 South Marengo Avenue, having a frontage of 125 feet by 25 feet deep to Broadway. The house is large and with some minor and inexpensive changes can be adapted for the use of the grammar school by the opening of the next school year. Miss Virginia Pease will remain at the head of the school as principal. The incorporation of the school was completed Saturday.

YOUTHFUL BURGULARS.

Two young plainclothes, so youthful and small that they scarcely realize their crime, entered the house at No. 236 South Fair Oaks Avenue, and removed all the gas fixtures, and were packing them in a car when they were arrested by Constable Austin and Sergeant Brister yesterday morning.

The youngsters had made a pretty clean job of it, and were ready to dispose of their junk in high glee. They were arrested. They made an odd sight in court, looking like the chrome negroes. Judge McDonald inquired of them some notion of the serious crime committed, and finally ordered a fine of \$15 each. When he asked the boys, Rons Johnson and Charles Hamilton, if they thought they could pay the fine, one of them piped up "I makes money sometimes. I sell bottles and rags and makes 15 cents. 'Deed we'll pay you'."

The judge tried to make them understand the difference between \$15 and 15 cents, and finally gave it up, letting the tots go on probation for six months.

HORSE KICKS BOY.

After being rolled upon and kicked by the iron heels of a horse, Leslie Riggs was compelled to undergo the painful operation necessary to the dressing of his wounds without an anesthetic, because his parents were absent in Los Angeles, and could not be reached by the attending surgeon to gain permission from them to administer chloroform, as is so necessary in the case of minors. Young Riggs and companion were riding a horse double yesterday morning when it stumbled and the boy dropped off, but when the horse fell Leslie was under him. When the animal started to rise its hoof cut a great gash in the boy's chin and dug a hole in his leg. He was otherwise badly bruised. Plumbing Inspector Shaver was attracted by the boy's cries and summoned a doctor, who was called to make the painful surgical stitches without any opiate to relieve the boy's pain.

HASTENS THE BONDS.

Action was taken yesterday which will hasten the issuance of bonds for the electric plant and the care of the storm water at Glenn Avenue. Mayor Earley proposed to the Council that the care of the storm water in this section of the city and that while it would cost a large sum of money, it was proper that all the taxpayers should share in its payment. He suggested to the City Council that Engineer Allen be em-

ployed to assist City Engineer Van Gratten to plan a proper storage for this storm water. He also suggested that as the task would need a bond issue this matter be grouped with the electric bonds and that while the matter settled at once. The Council agreed with the Mayor and ordered the employment of T. D. Allen. His report is expected within ten days. Electrical Expert E. T. Scattergood began work today with Light Superintendent Glasse on the estimates for the electric plant and it is thought that the two reports will be ready at once. Besides the storm water and electric bonds the school board also wants an issue to provide for a new high school and more graded schools. All these matters will likely be submitted at one election to be held in the near future.

PASADENA POINTS.

Joseph Brown, an old-timer and well known real estate man, was brought to the emergency hospital yesterday after being thrown from his buggy while driving recklessly on Union and Raymond Avenue. He was somewhat intoxicated and is suffering from a broken leg.

Thomas P. Hamilton, of Pennsylvania, 30 years of age, was brought to the emergency hospital yesterday after being thrown from his buggy while driving recklessly on Union and Raymond Avenue. He was somewhat intoxicated and is suffering from a broken leg.

ASSAULT ALLEGED.

Partially Blind Man in Whittier Charged With Crime Against Young Woman.

WHITTIER, July 23.—Feeling in this city runs high against Dan Griggs, who was before Justice Siemon today on a felony charge, being accused of attempting to assault a 16-year-old girl of this place. The case was dismissed, owing, it is said, to a flaw in the complaint, but a second complaint was immediately drawn up by J. G. Hood, Griggs' attorney.

Mrs. Markey was about 35 years of age. She leaves a young daughter. The widower is a dentist with offices at No. 15 Stanton Building, Dr. and Mrs. Markey were popular here.

BARS BREWERY IN LONG BEACH.

OFFER MADE FOR SITE THERE IS DECLINED.

Rochester Soda Manufacturing Concern Would Like to Locate Seventy-Five Thousand-Dollar Beer Plant on the Flats West of the Town on the Inland Harbor.

LONG BEACH, July 23.—Manager Curtis of the Los Angeles Dock and Terminal Company, today refused a business offer for a site on the inland harbor. It was from a Rochester firm which desired to secure a site for a brewery, having heard that the soft bottom of the harbor would make excellent beer.

Long Beach would make excellent beer. The firm was offered a site of 100 acres in the harbor, and that a \$75,000 plant would be erected. Manager Curtis has written in immediate reply that Long Beach is "strictly temperance," and that the title to land about the harbor is covered by a clause which precludes the possibility of making or dealing in intoxicants thereon.

OCEAN'S TEETH IN ACTION.

Old ocean for the past three days has been in ferocious mood and tonight reached a height of six feet seven inches. Sunday night it rose over four feet. Sunday morning, washed away 500 feet of board sidewalk, 100 feet of four-inch water main, and thirty feet of the steps leading up to the Pacific Park pier.

It waited about it out from under several cottages and although the residents bulkheaded yesterday with wooden breakwaters and bags of sand, the waters came up last night again and ruthlessly tore through the breakwaters and did serious damage to the San Soule cottage. Dr. Wheat's house and the cottage of Charles R. Drake. New embankments and dikes were built today and tonight seemed to be effective against the pounding of the surf.

By morning the tide had washed out several feet of sand and deep holes and breaks are visible everywhere. The lurching pavilion was badly damaged by the loosening and breaking of the supports, and the concrete retaining wall was taken out entirely. The life-saving station was flooded, but was not loosened from its foundations. The merry-go-round is badly damaged and will probably have to be rebuilt.

At Bay City a new pavilion is being built while endeavoring to save some of the timber floating about in the harbor. Contractor Henry Gets of Los Angeles was struck by a heavy wave and his left leg was broken in two places.

Tonight the tide rolled in up to the crest of the breakwaters and at times swept over them carrying off the roofs of houses and the roofs of the sheds, shells, kelp and small public buildings.

At high tide tonight at the Fulton yards in West Long Beach, the new stationer, (City of Redland) was launched and will be towed tomorrow through Cerritos Slough to the foot of Third street, where it will be installed. The machinery will begin.

SEASHORE BRIEFS.

A piece of steel beaming this morning, the foot of the Walter L. Clapp, a workman in the Fire National Bank building, and crushed the first and second floors so badly that amputation was necessary and the building was closed.

Dr. L. A. Pope of this city has been appointed surgeon of the Los Angeles County Beach division of the Salt Lake road.

Ruth Clark of West Long Beach, aged 15, while playing in a skating rink, went overboard and was being carried out by the tide, when rescued by three young men. She was taken to the hospital and is recovering.

The last week of Chautauqua is at hand. The week of Chautauqua is at hand.

Lives of Many Men Ruined

By Contracted Diseases

Progress in the study of contracted disorders in the past few years has resulted in my advanced methods of securing permanent results. In my practice I use special methods or irrigation, and a method of my own devising for installations that cure gonorrhea PERMANENTLY in from 3 to 10 days. I make frequent inspections of the canal by means of a small electric light, which enables me to see and to treat each inflamed part separately, and I am enabled to show the patient himself the conditions that actually exist. Following my treatment there are no evil after results. There is no stricture to fear for the slightest chance of a chronic condition (sometimes called gleet), but there is COMPLETE healing of the inflamed and poisoned tissue. Never use harsh injections, or drastic internal remedies to stop the discharge, for if you do it is certain that you will find your state worse than ever. I guarantee you a PERFECT AND A PROMPT CURE, and as well as that.

You Can Pay When Cured

If this announcement does not have particular reference to YOUR trouble, drop in and tell me what bothers you. I shall be glad to give you advice as to your condition that is sure to be of benefit to you. That will cost you nothing. If I will save you an amount of money suffering and MAY GET PROLONG YOUR LIFE. Be wise; don't delay. As I have stated frequently, to delay and neglect all the very serious and so-called "incurable" cases are due.

I Treat and Cure All Diseases Common to Men

Dr. Taylor & Co. 305 1/2 S. Spring St., Cor. Third Los Angeles, Cal.

ME The Reason I Cure

Not many years ago we were using candles instead of electric lights; slow, cumbersome that which we now call the simplest manner. Take, for instance, a typewriter and many other mechanical devices which today give us the power to do more and better work.

Science has made great strides in my profession just as it has in everything else, and today we have medical appliances which have revolutionized the treatment of the sick and ailing. Yet, notwithstanding all this, the old-fashioned, moon-back ideas, and they wonder why I cure and they fail.

Diseases of Men—My Hobby

There are diseases of men cured today that were thought to be incurable a few years ago, and there are others which taxed the brains of the very best specialists which are now cured in the simplest manner. Take, for instance, a syphilis condition, and many other diseases in the same category. They were thought hopeless, and the poor unfortunate who was tainted with the same was left to a daily existence of suffering that was a living death. Now, this is all changed. I can take any man in a syphilis condition or contracted blood disease and cleanse the poisonous and stagnated blood from his system and purify and start the blood coursing through his veins just as it did before he was afflicted. And when I do this I will guarantee that this same trouble will never appear again. The cure is permanent and lasting.

Children Enjoy Sights.
The children of the King's Daughters Day Nursery enjoyed an outing Monday, being the guests of Anna and Mrs. J. W. Pratt, who were in charge of the day. A picnic luncheon was served, and in the afternoon the children enjoyed a most interesting and interesting trip to the children. Later the little ones were taken to the Indiana State Fair, where they were most delighted and mystified youngsters. Mrs. Lizette Turnbull, the mother, chaperoned the tots.
